6. [Redacted] George Murphy, Joint Committee on
Atomic Energy staff, called and said a member of the Joint Committee had
asked the staff for open references by the Cubans to the establishment of a
missile tracking station in Cuba. Murphy said they would like any
citations to such statements and might also like to know what the Agency
knows about this station. After checking with [Redacted] OSI, I [Redacted] 25X1
gave Murphy references to a Moscow International broadcast of 3 February
and a Havana broadcast of 6 April 1964 on this subject which were monitored
and translated by FBIS.

[Redacted] The Joint Committee
receives the FBIS White Book and Murphy said this would suffice for the
first part of their request. He will contact us if further information is
desired. [Redacted] 25X1

8. [redacted] of DD/P, called to say that [redacted] USIA had discussed with him a request they had received from the House Committee on Un-American Activities, requesting a list of political warfare schools. [redacted] requested any advice we could give USIA on this. I gave [redacted] the history of this situation including the inquiry we received from Representative Gillon and our conversations with the State Department who had received a similar inquiry from HCUA. I suggested that USIA get in touch with the Department to discuss the matter of an appropriate reply.

9. [redacted] Received another call from George Murphy, JCAE, regarding an Agency employee, [redacted] who has applied for and is being seriously considered for a position on the JCAE staff. Murphy asked if in keeping with new security policies the Agency would send the Committee [redacted] security file so that the Joint Committee would have some basis for making a determination as to whether [redacted] would be given a JCAE clearance. After some discussion of these procedures including Murphy's description of their normal arrangements with the FBI in requesting a field investigation of a prospective employee, Murphy recast his request asking for the investigative file [redacted]. I told Murphy I would look into the matter and be in touch.

10. [redacted] Left with Representative George Mahon's office a supplemental item regarding Soviet uses of ethyl alcohol to go with the earlier piece we had given him on this subject. This was supplied by ORR and a copy is in our files.

25X1
11. [redacted] Talked with Walter Besterman with regard to his discussion with the Free Europe Committee. These discussions concern the possibility of some type of omnibus private bill. Mr. Besterman indicated that he knew of no current interest by the Immigration Subcommittee on this matter and further indicated that in his discussions with Mr. McDonald he in effect was given a theoretical
